

Curriculum Vitae

Date prepared: Jan. 2025

Gholamali Dehghani

- PhD, Assistant Professor of Curriculum Studies, Department of Medical Education, Faculty of Medicine, Tabriz University of Medical Sciences, Tabriz, Iran
- Medical Education Research Center, Education Development Center, Tabriz University of Medical Sciences, Tabriz, Iran

Email: Dehghani_gholamali@yahoo.com, dehghanigh@tbzmed.ac.ir

Phone: +98-41- 31772099

ORCID: <https://orcid.org/0000-0002-3758-1887>

Researcher ID: HNC-3562-2023

Scopus Author ID: 57799781200

Educational Background

Ph.D in Curriculum Studies

Department of Educational Sciences, University of Tabriz, Tabriz, Iran, 2018

Thesis title: "Designing and Accrediting an Appropriate Model for Clinical Education of Medical Curriculum Based on Social Accountability Approach"

Supervisor: Dr. Yousef Adib; Advisors: Dr. Eskandar Fathiazar, Dr. Mahasti Alizadeh

M.Sc. in Educational Management

Department of Educational Sciences, Shahid Beheshti University, Tehran, Iran, 2007

Thesis title: "Investigating Factors Influencing the Research Experience of Professional Doctoral Students During the Dissertation Process at Tabriz University of Medical Sciences"

Supervisor: Dr. Mohammad Yamani Douzi Sorkhabi; Advisors: Dr. Mohammad Ghahremani

B.Sc. in Agricultural Engineering

Department of Agronomy and Plant Breeding, Shahed University, Tehran, Iran, 1996

Teaching Experience

- Curriculum Planning to M.Sc. Students
- Teaching-Learning Patterns to M.Sc. Students
- Instructional Design in Medical Sciences to M.Sc. Students
- Learning Theories and Basic Teaching Skills to M.Sc. Students
- Design and Curriculum Planning to M.Sc. Students
- Medical Education to Dental Residents
- Educational Management to Ph.D Students
- Medical Ethics to Medical Student
- Professional Development Courses for Teachers
- Preparing for Scientific Olympiad of medical students

Awards

- Achieving the top ranking in the 18th Shahid Motahari Educational Festival (Tabriz University of Medical Sciences, 2025).
- Achieving the top ranking in the 17th Shahid Motahari Educational Festival (Tabriz University of Medical Sciences, 2024).
- Achieving the top ranking in the 16th Shahid Motahari Educational Festival (Tabriz University of Medical Sciences, Iran, 2023).
- Achieving the top ranking in the 16th Shahid Motahari Educational Festival (Ministry of Health and Medical Education, 2023).
- Top Researcher, Tabriz University of Medical Sciences (Employee, 2010).
- Top student at the Shahid Beheshti University of Tehran (M.Sc. degree, 2007).

Management Experience

- Deputy Director of Student Affairs, Tabriz University of Medical Sciences, Iran (2009-2015)
- Director of Student Affairs, Tabriz University of Medical Sciences, Iran (Periods: 2016-2018, 2020-2022 and 2025)

Research Projects

- Ongoing 14. Psychometric analysis of General self-efficacy in the Use of Artificial Intelligence (GSE-6AI) Scale and its Relationship with the Academic and Demographic Characteristics of Medical Students (Co-worker)
- Ongoing 13. Persian Translation and Psychometric Evaluation of the Artificial Intelligence use Self-efficacy Scale in Medical Students (Supervisor, M.Sc. student)
- Ongoing 12. Situation Analysis of Nursing Students' Clinical Education in Sarab University of Medical Sciences and Providing a Solution to Improve its Quality Based on Stakeholders' Perspective: A Mixed Method Study (Supervisor, M.Sc. student)
- 2024 11. Quantitative and Qualitative Analysis of Exams of the departments of Basic Medical Sciences of Medicine Faculty of Tabriz University of Medical Sciences in the First Semester of 1402-1403 (Supervisor, M.Sc. student)

-
- Ongoing 10. Designing, Implementing, and Evaluating Team-Based Learning method in Teaching English to the EFL Students of Anesthesia at Tabriz University of Medical Sciences (Supervisor, M.Sc. student)
- Ongoing 9. Designing and Implementing a Bacteriology Educational Package Based on Scenarios for General Medicine Students and Evaluating the Students' Learning Rate Using the Basket Method (Advisor, M.Sc. student)
- Ongoing 8. Evaluation of an Implemented General English Course from the Perspective of the Students at Tabriz University of Medical Sciences (Co-worker)
- 2024 7. Studying of Interns' Achievement of Expected Competencies of General Medicine Course in Obstetrics and Gynecology Departments from the Perspective of Professors and Internship Students of Tabriz University of Medical Sciences (Supervisor, M.Sc. student)
- 2024 6. Exploring the Experiences of Academic Motivation of Dental Students at Tabriz University of Medical Sciences: A Qualitative Content Analysis Study (Advisor, M.Sc. student)
- 2024 5. A Comparative Study of Learning Styles Preferences and Self-Directed Learning Readiness in Basic Medical Sciences Students of Tabriz University of Medical Sciences(Executor)
- 2025 4. Comparison of the Effect of Teaching Anatomy between Traditional Methods and Teaching by Virtual Dissecting Table on the Learning of Medical Students of Tabriz University of Medical Sciences (Supervisor, M.Sc. student)
- 2022 3. Evaluation of Emotional Intelligence and Determining the Relationship between its Components and Self-directed Learning and Academic Achievement in Dentistry Students (Supervisor, M.Sc. student)
- Ongoing 2. Assessing of the Degree of Compliance of the Undergraduate Radiology Technology Curriculum with Learners Needs Based on Accountable Education from the Viewpoints of Students and Graduates of Tabriz University of Medical Sciences (Supervisor, M.Sc. student)
- 2025 1. Experiences of Nursing Students about Professional Competency Evaluation by OSCE in Maragheh University of Medical Sciences (Supervisor, M.Sc. student)
-
